Product Name: After Shave Lotion

Intended Use: Cosmetic product for post-shave skin care

Company Name: HAGS Artisan Shaving Products

Address: Trempesinas 18 STR., P.Psychiko, GR-15452, Athens, Greece

Telephone: +30 6981765925

Email: info@hagsartisan.com

Website: www.hagsartisan.com

2. Hazard Identification

Classification: This product is a cosmetic formulation, not classified as hazardous under normal use conditions.

- Non-flammable, alcohol-free.

Label Elements:

Signal Word: None required for cosmetic products.

Hazard Statements: No known significant hazards under normal use.

Precautionary Statements:

P102: Keep out of reach of children.

P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses if present and easy to do. Continue rinsing.

Other Hazards:

Not classified as harmful under normal usage

Eye contact may cause mild irritation.

3. Composition / Information on Ingredients

According to the list of ingredients.

4. First Aid Measures

General Information:

This is a cosmetic product designed for external use on the skin. In case of adverse reactions, discontinue use and consult a healthcare professional if necessary.

Inhalation:

Not applicable under normal use conditions.

Skin Contact:

Rinse skin with water if irritation occurs. Discontinue use if irritation persists.

Eye Contact:

Immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation persists.

Ingestion:

Rinse mouth with water. Do not induce vomiting. Seek medical advice immediately.

5. Fire-Fighting Measures

Suitable Extinguishing Media:

Use water spray, dry chemical, foam, or carbon dioxide (CO₂).

Specific Hazards: The product is non-flammable and does not present a fire hazard.

Special Protective Equipment for Firefighters: No special equipment required beyond standard protective gear for chemical fires.

6: Accidental Release Measures

Personal Precautions: No special measures required for small spills. Avoid contact with eyes.

Environmental Precautions: Avoid large quantities of the product entering drains, watercourses, or the environment.

Methods for Cleanup: Absorb spill with inert material (e.g., sand or earth). Dispose of waste in accordance with local regulations.

7: Handling and Storage

Handling:

Avoid contact with eyes. Wash hands after handling.

Storage:

Store in a cool, dry place away from direct sunlight. Keep the container tightly closed when not in use.

Keep out of reach of children.

8: Exposure Controls/Personal Protection

Exposure Limits: None of the ingredients have specific occupational exposure limits under normal use conditions.

Personal Protective Equipment:

Eye Protection: Not normally required. Use protective eyewear if handling large amounts.

Skin Protection: No specific protection required under normal use.

Respiratory Protection: Not required under normal conditions of use.

Hygiene Measures:

Wash hands after use.

Avoid contact with eyes.

9: Physical and Chemical Properties

Appearance: Clear liquid

Odor: Characteristic fragrance

pH: 5.5 - 6.5

Boiling Point: ~100°C (for water)

Flash Point: Not applicable (non-flammable)

Solubility in Water: Miscible

Relative Density: ~0.9 g/cm³

Viscosity: Low viscosity (water-like consistency)

10: Stability and Reactivity

Stability: Stable under normal conditions of use and storage.

Conditions to Avoid: Avoid extreme temperatures and direct sunlight.

Incompatible Materials: None known.

Hazardous Decomposition Products: No hazardous decomposition products known under normal conditions of use.

11: Toxicological Information

Acute Toxicity: Not expected to be toxic based on ingredient composition.

Skin Irritation: Non-irritating under normal use.

Eye Irritation: May cause slight irritation if in contact with eyes.

Sensitization: No known sensitization effects.

Carcinogenicity: No known carcinogens present.

Reproductive Toxicity: No known reproductive hazards.

12. Ecological Information

Ecotoxicity: Not classified as hazardous to the environment.

Persistence and Degradability: Ingredients are biodegradable.

Bioaccumulative Potential: Not expected to bioaccumulate.

Mobility in Soil: High mobility expected due to water solubility.

13. Disposal Considerations

Waste Disposal Methods:

Dispose of in accordance with local, regional, and national regulations.

Packaging Disposal:

Recycle containers where possible in accordance with local recycling guidelines

14. Transport Information

UN Number: Not applicable

Proper Shipping Name: Not applicable (non-hazardous cosmetic product)

Transport Hazard Class: Not applicable

Packing Group: Not applicable

15. Regulatory Information

Labeling in Accordance with EC Regulations: This product is classified as a cosmetic and is not subject to Regulation (EC) No 1272/2008 (CLP) for hazardous substances.

EU Regulations: Complies with the European Union Cosmetic Regulation (EC) No. 1223/2009.
